

**Project Title:** Avant Crafts (New models for VET in art crafts)

**Programme:** LLP - Lifelong Learning Programme - Leonardo

**Coordinator:** Fondazione di Firenze per l'Artigianato Artistico (Italy)

**Municipality of Florence:** Partner

**Reference Unit:** European Projects Unit

**Budget:** € 181.000,00

**Status:** Completed

**Opening date:** December 2013

**Closing date:** November 2015

**Submitted:** 2013

**Partnerships:** Municipality of Florence, STIC Wirtschaftsfoerdergesellschaft (Germany), Institut National des Métiers d'Art (France), Association of Hungarian Folk Artists (Hungary), Union of Bulgarian Black Sea Local Authorities and Regional association of Municipalities Central Stara Planina (Bulgaria), The Sheffied City College (UK)

**Objectives and activities:** The general objective of the project is to promote entrepreneurship and to start up business in the sector of artistic craftsmanship. This is in order to improve the effectiveness of education and vocational training policies by sharing and exchanging experiences and good practices as were already tested within the Innocraft project.
